Do You Wish to See a Real Game?

Then come to the High School gymnasium Friday night, December 19. The Roscommon boys and girls are coming here on said date and intend to avenge their double defeat of two weeks ago. They have improved their teams in many places and will be much stronger, and as our teams have also improved, you will see two snappy games. As this is the first game of the season at home the teams expect your support.

Jack.
P. S.—There will be a dance after the game.

I apied her 'neath the Mistletoe,
My heart went pit-a-pat;
I didn't kiss her. Why?
Because—she was the Maltese cat.

The 8th grade are making Michigan history scrap books.

The High school are going to have a Christmas program in the assembly room Friday afternoon.

Friday morning Dr. Day from Iowa, gave an interesting talk to the High school on Americanism. He also spoke to some of the classes thruout the morning.

P. Clark (making candy)—"I want a spoon."
Spoke—"Alright, I'm game."

Mr. Hathaway gave an interesting talk to the High school Monday morning on the eyes. After the speech Lyle Bennett said: "When I get big I'm going to be an oculist in a hotel." Rex Estelle—"You don't say, are you going to cut the eyes out of the potatoes?"

Next Friday the members of the Seventh grade are going to have a Christmas tree in Miss Massa's room.

The English 9 B class have finished the study of "Silas Marner" and are now studying "The Lady of the Lake."

The Physics class are beginning the study of "light."

We all wish the World would not come to an end till after the Basket ball game at least.

Christmas vacation begins Friday and will last two weeks.

The pipes in Mr. Fox's room gave the French I class quite a concert Tuesday, while they were trying to conjugate the verb sing.

A meeting of the Grayling High School debating society was called Wednesday, December 10th. The purpose was the final try-out for the teams, the subject again being, Resolved: that Congress adopt a system of universal military training for all able-bodied male citizens between the ages of 18 and 25. Those who helped choose the teams were: Miss Wells; Mr. Fox; Mr. Bates; Mr. Otterbein; Miss Loss; Miss Button, and Miss Massa. Friday morning they gave their decision which was:

Affirmative. Negative.
Ruth McCullough Oral Cameron
Margaret Insley Margaret Cassidy
Doris McLeod Charles Gierke

There will be a public debate in the High School auditorium, Wednesday, December 17th at 7:30 o'clock.

The members of the affirmative team will go to Cheboygan on January 9th.

Many amusing sayings were heard at the debate Wednesday, among which are—

"You don't need arms to drive an ambulance."
"Well, how yuh gona steer it?"
"What's the use of having powder if there aren't any men to use it?"
"The women could easily solve that problem."

A member of the negative said, "Aw, soldiers by military training can't do nothin'." The affirmatives are very delighted over the fact that one of their opponents agree with them.

GRADE NOTES.

First Grade and Sub-Primary—Misses Smith and Barr.

The children are getting ready for a Christmas program. The program will be given Friday afternoon at one o'clock. The mothers are all invited.

RESTRICTIONS OFF USERS OF COAL

GOVERNMENT PERMITS FACTORIES AND STORES TO OPEN FOR BUSINESS.

OPERATORS RETURN TO WORK

Only Few Local Unions Hold Out For Final Settlement of Wage Question.

Washington.—Restrictions on the use of coal made necessary by the recent strike of miners in the bituminous fields have been removed and industry throughout the country is approaching a normal basis.

Regional fuel directors continue to exercise supervision over distribution, however, in order that restoration of the depleted reserves may be equitable.

From nearly all of the coal fields reports come in that fully 90 per cent of the miners were at the pits and heads of the United Mine Workers of America predicted that 95 per cent of the men would be at the mines soon. In a few instances, locals voted to remain idle, pending a further adjustment of wages by the commission which President Wilson is expected to appoint to take up the question.

Operators said nothing like a normal output could be expected for several days, as it was necessary to clear away debris which had accumulated in a large number of properties during the 40 days of the strike, before hoisting of coal could begin.

Stores which had been limited to a business day of only six hours for more than a week, in many localities, now open at the regular hour, and factories closed or allowed to run only three days a week have begun operation on full time. Restoration of hundreds of passenger trains which had been annulled to conserve fuel, was begun, and regional directors said former schedules would be in force very soon.

Shipments of newly mined coal have been started from a few mines, and were expected to be in the hands of distributors before the end of the week. Electric signs, which were the first to be affected when the conservation order was issued, will be lighted.

NINE LECTURES IN FOUR DAYS

IOWA PASTOR SPREADS PROPAGANDA FOR HIGHER IDEALS AND CHRISTIANITY.

Events Celebrate First Birthday of Michelson Memorial Church.

Last week the Avalanche mentioned the opening event of the celebration of the first birthday of the Michelson Memorial church that began Wednesday evening, December 10 with a banquet and short talks by local citizens and an address by Dr. F. E. Day, pastor of the Methodist Episcopal church of Ottumwa, Iowa.

The following evening Dr. Day gave a lecture in the church and Friday noon addressed the business men of Grayling at a banquet in the church dining rooms. Again that evening and also on Saturday evening he lectured to fair sized crowds, and on Sunday preached three sermons. One of the latter was at 3:00 o'clock in the afternoon.

It will be impossible to tell just how much good will come out of these meetings. Every one of Dr. Day's talks was filled with splendid philosophy with an idea to uplift the social standards and inspire higher ideals and Christianity. His talk to the business men Friday noon treated on individualism in business and many convincing ideas were offered that, if followed out by business men generally, would bring out higher standards of dealing and merchandising. The dinner was served by the Ladies Aid society and was one of the best dinners ever served by that society. There were plates heaped up with delicious chicken pie, and everything good that goes with a fine dinner. During the meal Mrs. Doty presided at the piano. The men all enjoyed the hour immensely and went away feeling more than repaid for their time spent in attending.

During the week the attendance at the lectures was not as great as it might have been but this did not deter the speaker from his efforts and most powerful addresses were given each time.

On Sunday morning the attendance was large. Special music was rendered. There was a choir of about 25 voices. Assisting the choir was a male quartette from West Branch, consisting of Messrs. Claude Austin, Attorney Chapin, Parliament and Ault. Besides singing with the choir they rendered several vocal selections. These visitors sang several selections at the afternoon men's meeting and the evening meeting. The congregations were thoroughly appreciative of the splendid music furnished at these meetings.

During his visit in Grayling Dr. Day delivered nine lectures and sermons, each a masterful effort and of a standard that few men in this country would be able to deliver. He was at one time pastor of the Methodist church in Albion where he came in contact largely with the students of Albion college and during the five years he preached there was privileged to do much in molding the minds of hundreds of young students.

Those who heard Dr. Day in his several talks enjoyed every one of them. He told of some startling things that existed in this world, many of which some hesitate to believe, thinking that some of those conditions could not exist, but the speaker said plainly that he weighed every word he uttered and that he was able to prove every assertion he made. All thru his addresses there was ever present the theme of the Christian religion.

Dr. Day is a delightful man, has a wonderful intellect and a rare genius for reading human nature and knowing just the right thing to do when situations arise that demand attention. He is independent in thought and with a broad view of public and church matters and when he takes a stand that he believes is right, he does not wait for precedent before determining what to do. He has a rare faculty for knowing men and when he once gets a foothold seems to draw them to him like a magnet attracts steel. With all his forceful character he is mild and a most congenial conversationalist, and one that anyone may feel proud to call a friend.

It is impossible to determine just how much good may come from the service of Dr. Day in Grayling. There is no doubt but that his talks inspired a most earnest regard for the church and for the uplift of the community. His work was not of the nature of an evangelist that works upon the emotions of his auditors, with the intentions of reaping a lot of conversions to the church. If such was the case his success might easily be counted by the number of those converted. His work was different and we believe deeper rooted and more lasting. The fruits of his efforts may be slow in coming, but nevertheless Grayling is arousing to the knowledge that there is a bigger life to work for, we owe it to our families, we owe it to our communities in which we live and we owe it to Christianity to brush aside our selfish natures and take up the armor of labor for a better community, better citizenship and higher ideals in living and a greater devotion to Christianity. Rev. Doty, pastor of the church, is to be thanked for bringing Dr. Day to this city.

Near East Situation Now "Most Desperate in World," Says Hoover.

Herbert Hoover, who has now become a member of the Executive Committee of Near East Relief, which is caring for nearly 2,000,000 Armenian and Syrian refugees.

"In my opinion, the situation in the Near East is the most desperate in the world."

Mr. Hoover has sent a letter to Cleveland H. Dodge, treasurer of Near East Relief, 1 Madison Avenue, New York, in which he says:

"In accepting your invitation to become a member of the Executive Committee of the Near East Relief, I do so with reluctance, but out of a sense of duty towards one of the most difficult situations in Europe. Until some political settlement can be obtained for the Near East and some government established in responsibility for the care and repatriation of the Armenian population in the Caucasus, this mass of people must live sheerly by the charity of the United States. There are in the Caucasus approximately 1,800,000 Armenians, of whom 800,000 are entirely destitute—refugees from Turkey—and amongst them a tremendous mass of children."

"I cannot too strongly urge upon the members of the committee and their supporters the critical necessity of concentrating every possible effort to support Colonel Haskell's administration in the amounts that he requires; otherwise we shall witness one of the greatest tragedies of the entire war."

A GIFT THAT IS LASTING, DIFFERENT AND WORTH WHILE.

Such a gift does not end on Christmas day, but it continues each week throughout the year—52 gifts in one—and carries with it a year of pleasure and profitable information, not only for the recipient, but for his entire family circle—an oft-repeated reminder of the thoughtfulness of the giver.

We wouldn't care to return to the old oaken bucket

There's a sentimental value attached to the old
moss-covered utensil but most of us prefer the
cheaper and more convenient community method
of reservoirs, pipes and faucets.

There's also a sentimental value attached to
carrying home the groceries in a basket

But when hundreds of housewives patronize a
store it becomes more economical and more con-
venient for the store to maintain a community ser-
vice in the shape of a delivery wagon.

Time and energy are saved—things which are mighty
valuable in these days of busy housekeepers.

So that you get this and countless other services in our
store.

One of these additional services is our knowledge of
groceries. We know which brands are good and we tell
you.

One of these good things is RYZON Baking Powder.
If you don't use an efficient baking powder you might
blame the other ingredients we sell you for unsuccessful
results.

When we recommend RYZON to you we know just what
your's going to say. "It's the best baking powder I ever
used." We tested RYZON because we knew it was creat-
ing a big stir all over the country. We soon saw why
they called it the "Perfect Baking Powder." It is thor-
oughly dependable, and economical at 40c per pound.

nasium, New Year Eve.

You will save time in shopping by
first studying over the advertise-
ments in this paper. It will pay you,
too. Try it.

Two games of Basket ball are
scheduled for Friday evening between

A crowd of boys and girls, num-
bering close to the 50 mark gathered
at the home of Miss Nettie Billings
Friday night to give her a surprise.
The party was chaperoned by Miss
Maasa of the High School and the
young people spent a pleasant even-
ing. Various games were played
and Emerson Brown sang several
songs that added much to the affair.
Nice refreshments were enjoyed be-
fore the guests departed for their
homes.

Mr. and Mrs. E. W. Behlke are in
Detroit for a few days.

George Bissonnette was arrested
one day last week on a charge of
stealing 18.00 from George Hanson.
The young man skipped town after
the act and was apprehended at West
Branch. Deputy Sheriff W. H. Cody
brought him back to Grayling where he
appeared before Justice Frank Free-
land and pleaded guilty. He was sen-
tenced to thirty days in the county
jail, and solitary confinement recom-
mended, which sentence he is now
carrying out.

The ladies of the Danish-Lutheran society are enjoying a dinner and party this afternoon at the Michelson Memorial church, as guests of Mr. Neils Michelson of Detroit. It has for many years past been the custom of Mr. Michelson to thus honor the ladies of this society at a Christmas party, and this he is not to be present today, he intends that these Grayling friends are to have their usual enjoyable Christmas occasion. The affair is being carried out by the Ladies Aid Society of the M. E. church at the request of Mr. Michelson.

The members of the Good Fellowship club are acting at this time as the Santa Claus for many of the children and also older ones in the city, by passing around cheer-up and also necessary articles that are to brighten the Christmas day for some who otherwise might not have the happiest time. The families in this community that have not the necessities of life are very few but there are many that cannot afford to open their purses for anything besides the actual necessities, and it is these that these ladies are endeavoring to help. A fund of about \$240.00 was subscribed by some of our business men and other citizens in cash and in groceries, dry goods, fuel, clothing and other commodities, and this is to be distributed by the Good Fellowship ladies. It is their hope to make the Christmas day one in which at least some measure of joy may be had by all, and thus help to promote "Peace on Earth and good will toward men."

AMERICAN LEGION MEMBERS ENJOY BIG SMOKER AND BANQUET.

The members of Post No. 106 American Legion, at their regular business meeting last Monday evening, turned the evening into one of pleasure. A rabbit supper had been boasted of in advance and it sure was a huge success.

Most of the Legion members were present and Rev. C. E. Doty and Mr. M. A. Bates had been invited. The supper consisted of fried rabbit, sandwiches, salad, pickles, cake and coffee, and was finely prepared by Messrs Roy Milnes, Eimer Rasmussen and Walter Shaw. The wild meat was furnished by Messrs Harry and Will Hemmingson. During the supper Rev. C. E. Doty and Mr. Bates gave very interesting talks and Frank Shanahan gave a short oration on "Stickin' together" while cigars and cigarettes were being enjoyed.

Elections of officers also took place on this evening, all officers being re-elected for the ensuing year. Before and after the supper the fine sport of indoor base ball was enjoyed. Mr. Bates surprised his onlookers by his wonderful playing and it is rumored that Hugh Jennings is going to sign him up next year. He sure was there with the stick.

It was almost midnight before some of the members left the Danish gymnasium where the affair was held, and since then reports have come from many of the members that they certainly enjoyed the evening very much.

COL. STYER IN CHARGE OF ARMY RECRUITING STATION.

Colonel Henry D. Styer, Infantry took command of the Detroit Army Recruiting district, Wednesday. He was in command of the first U. S. troops sent to Siberia. He has been delivering a series of lectures to different colleges in the U. S. on his experience in Siberia.

The Detroit Recruiting office accepted 220 men for the U. S. Army during the month of November. 188 were previous service men, and many enlisted with the expressed desire of attending the Army Vocational Training Schools, an excellent example of which is located in Camp Custer, Mich.

Arrangements have been made so that victory buttons may be purchased in lieu of lost buttons. These sales are made by the Bailey Banks and Biddle Co. Philadelphia, Pennsylvania, the only firm authorized to sell these buttons. Evidence of service must be presented to the Recruiting officer in order to purchase a button.

Ex-soldiers who have lost their discharges will be assisted in obtaining

a certificate of service by the General Recruiting service. It is necessary to make an affidavit showing how discharge was lost. This affidavit must bear the signature of two witnesses.

The General Army Recruiting service has received orders from Washington to conduct an extensive campaign for enlistments for the Panama department. There are 3,700 vacancies there. Enlistments are for three years.

Loyal, but Not Honest.

How a man may be honorable in big things but dishonorable in lesser is shown by the story told of Prince Charles Edward, the Pretender. After the Pretender's defeat at the battle of Culloden Moor in 1746, the prince took refuge in the home of a Scottish peasant. There was a reward of \$80,000 for the capture of the fugitive, but, although the peasant knew this he did not betray his royal guest. Later, this same peasant, who had scorned to possess himself of great wealth by disloyal means, stole a cow, and was tried, convicted and hanged, stealing being a capital offense in those days.

To Protect the Trees.

From Bordeaux comes a description of a new method of protecting fruit trees against late spring frosts. This consists of spraying them with a chemical mixture called agelarine, said by its maker to be compounded from the juices of certain plants. It is a liquid, and may be handled in the ordinary hand-spray pump, but after it has been applied and exposed to the air it acquires a waxy consistency and has the appearance of a sugared or resinous coating, which is not washed off by rain and lasts for from two to five weeks effectively.

ADOPTED ARMENIAN WAIFS

There are at least three happy little Armenians in this holiday season, among the more than a quarter of a million pitiable little waifs who are innocent victims of Turkish barbarity. These three have found fairy godmothers in these famous American women, Mrs. Woodrow Wilson, wife of the President; Mrs. Oliver Harriman and Mrs. Carrie Chapman Catt. It is hoped that thousands of other American women will follow these distinguished leaders and signalize the glad holiday season in America by making happy in the same way thousands of other little orphans in the far-off stricken land where they now are being cared for by Near East Relief, 1 Madison Avenue, N. Y.

FRANK DREESE

COUNTY AGENT'S COLUMN.

Notices have been sent out by the President of the Crawford County Farm Bureau for a meeting of the executive committee to be held at the court house in Grayling on Friday, Dec. 28 at 1:00 in the afternoon. This will be the last meeting with the present county agent and he will by that time be fresh from the State Farm Bureau campaign and will have some very interesting things to say to those present, and would suggest that every community chairman, project committeeman, and farmer in Crawford county who is interested in these things to be present.

In November the County Agent started out to take his vacation but after three and a half days found he was not used to that kind of work and returned to his job. He has still eleven and one half days coming and at the solicitation of the chairman of the state drive for farm bureau members he is now going to take it and help this work. This vacation will be composed of many hours per day hard work and driving in cold weather, but the necessity is great and things are happening very rapidly.

The States Farm Bureau membership campaign is under full swing and wonderful things are happening. Oakland county has come across with 2000 members, Barry with 1600, Allegan with 1400, Montcalm 1500 and will go to 2000 when finished; even little Gladwin has enrolled 750; twenty-eight counties at this writing are waiting in line to be canvassed, having made their applications, while others are tumbling in every day. And the wonder of it all is that these memberships are written up at \$10 per year and are signed up for three years. Are the farmers waking up and taking hold of their own business? Not only taking hold of it but expressing a determination to finance it.

The question is being asked every day "What is the object of the farmers organizing so fast?" Two objects. First, to get what belongs to him; second, to see that the other fellow gets what belongs to him.

This makes the farmers organization rather different than most that have gone heretofore. The usual object of organization has been to "get the other fellow," and that is what caused so much hell upon earth. When the farmer gets organized on this basis he is going to put a stop to a lot of the wrongs that have been done, and the Square Deal is going to have a show on earth.

PROHIBITION LAW STANDS

Supreme Court Says War Will End When Peace is Declared.

Washington.—War-Time Prohibition is constitutional, the Supreme Court has decided. Enforcement of the act must continue until peace is proclaimed, the court decreed.

The decision was a sweeping victory for the prohibitionists and the Government. It means that the millions of gallons of intoxicating liquors now stored throughout the country and valued at about \$1,000,000,000 will be a near total loss unless peace is proclaimed before constitutional prohibition becomes effective.

The court held that the provision of the War-Time Act stating that prohibition shall end at the conclusion of the war, can have no other legal meaning than the proclamation of peace.

INMATES DIE FROM POISON

Pancakes Mixed With Insect Powder Prove to Be Fatal Diet.

Kalamazoo.—Thirty-five of the thirty-nine inmates of the Kalamazoo infirmary who were poisoned by eating pancakes in which insect powder had been used will recover.

Most of the patients have shaken off the effects of the deadly poison, but the recovery of George Robinson and James Mackarow, whose lives were despaired of, are not certain.

De Forest Davis, one of the four men who died, formerly owned the International hotel in Kalamazoo and at one time was considered the best restaurant man in Kalamazoo, Davis and Charles Francisco, Frank Lester and Edmund Briggs died.

Silk Hose Popular.

New York.—Three patrol wagon loads of women alleged to be shoplifters, the first fruits of the police department's crusade against pilfering during the Christmas shopping rush, were arraigned in the women's court here. Silk stockings receive the particular benefit of the shoplifters' attention, according to the testimony of a woman store detective, being easily concealed and ranging in value from \$10 to \$250 a pair.

Post Expands Again.

Pittsburgh.—The Pittsburgh Post, which for several days has carried no display advertising, due to lack of print paper, announced that it will resume regular size issues. The Post has confined its editions to eight pages, carrying nothing but news. Failure of a consignment of news print to reach the paper was ascribed as the reason for the curtailment in size of editions, and in the matter of selection of what to print news was favored.

Colors of Paints.

The color of paint is sometimes more than a matter of appearance. A black body more readily absorbs heat than a light body and in certain cases the light-colored paint seems to be preferable to the dark for this reason. Transformer burnouts in hot climates are reported to have been apparently due to the continuous high atmospheric temperatures. With this heat the further heating from the load has proved excessive and damage has resulted that might have been avoided with different painting.
